# **Escolha o que você ouve, defina o que você vive!**

Todo local de trabalho pode ser um ambiente barulhento e os problemas de ruído, por sua vez, podem ter um efeito negativo na eficiência, na moral da equipe e, em casos extremos, podem até resultar em danos permanentes à audição. Os problemas de ruído não são exclusivos da indústria pesada e muitas situações de escritório estão longe de serem perfeitas, mas existem soluções para ajudar a torná-las o mais próximo possível da acústica perfeita.

- O EcoShapes é um material ecologicamente correto, contendo 70% de PET reciclado.

- É decorativo e contribui para melhoria da performance acústica de ambientes, minimizando a propagação de ruídos.

- Oferece várias possibilidades de formatos e aplicações.
